

LIFT GLASSMAX 500

The robust Glassmax 500 hoist can lift 500kg to 4.6m and is easy to assemble and disassemble with a removable counterweight system.

This multi-functional manual hoist is perfect for overhead or vertical glazing when combined with one of our vacuum lifters.

An optional fork attachment can be used for the installation of HVAC units, pipes, ducts and palletised loads up to a maximum height of 4.8m.

KEY FEATURES

- Capacity: 250kg or 500kg
- Counterweight system
- Ideal for vertical glazing when combined with a vacuum lifter
- Optional 240v powered winch available
- Optional fork attachment
