

# MULTI LOADER 6.0

The Multi Loader 6.0, a latest-generation crawler carrier equipped with a bi-levelling system and radio remote controls, designed to meet the needs of those who carry heavy loads, up to 6000kg. To achieve such a high capacity, the company team has developed the Multi Loading platform, an innovative element that offers the possibility of handling large loads of different types.

- Capacity: 6000kg
- Automatic dynamic self-levelling
- Maximum gradeability: 25°
- Controlled by digital radio remote
- Bi-Energy power (diesel and electric)

## Optional Crane Kit

- Max outreach 4.3 m
- Max capacity 990 kg
- Weight 460 kg
- Cable transducer for extension
- Inclination sensor for boom angle

## Specifications

Capacity	6000kg
Max working height	1280mm
Max/Min width	1800mm / 1420mm
Power (diesel engine)	25HP
Power (electric engine)	48V - 3kW
Battery pack	Lead Crystal n°8 180Ah 48v
Battery charger	110v/32amp
Recharging time	5h
Longitudinal levelling front	20°
Longitudinal levelling rear	15°
Lateral levelling	+/- 15°
Max speed	3.7km/h
Gradeability	25°
Side slope	25°
Length	3000mm
Total weight	2550kg
