As construction sites become more and more complex and the question arises, how do I get the device to where it is needed?

The UPT 200 offers the ideal solution and is the ideal accessory for the UPG 350-2 or UPG 600-2 vacuum lifter.

Thanks to its compact design, the suction cup can be easily fixed and moved. Particular emphasis was placed on simple operation and the low weight of only 16 kg at a max. Load capacity of 200 kg.
